For students in the Scientific Course, who wish to take Latin also, the following order of studies will henceforth be pursued, instead of the studies of the Freshman year. The Latin will be the same as that prescribed for the two years in the Preparatory Department:

FIRST YEAR.

Fall Term.—Latin; Natural Philosophy; Review of Arithmetic and English Grammar.

Winter Term.—Latin; English Analysis; Book-Keeping.

Spring Term.—Latin; Rhetoric and English Composition.

SECOND YEAR.

Fall Term.—Latin; Physical Geography; Algebra; Elocution and English Composition.

Winter Term.—Latin; History of Greece; Geometry; Elocution and Translation.

Spring Term.—Latin; Algebra; Geometry; Weekly Declamation and Composition.

The Essays, Translations, and English Compositions of the Freshmen and Sophomores are before their respective classes; all other Rhetorical Exercises of the College classes are before the College.

Preparatory Department.

Classical Course.

This department is intended to prepare students for the Freshman Class in College. Special attention is given to making the preparation as complete as possible. Candidates for this course will be examined in Geography, Arithmetic and English Grammar.

Greek.—Hadley's Grammar continued; Xenophon's Anabasis; Jones's Prose Composition.

Algebra.—Davies's University Edition, to chapter VIII.

Weekly Exercises in Declamation and English Composition.

All exercises in Elocution, Translation and English Composition in the second year preparatory are class exercises.

No student of any of the foregoing courses of study can be promoted to an advanced standing without an examination. Students will be considered members of that class only into which they have entered by examination.

All students are expected to attend three daily recitations or lectures, and such other exercises as the Faculty may direct.

English Course.

The special object of the English Preparatory Course is to furnish instruction in the common English branches to those who are unprepared, through want of these, to enter the Classical Course, or the Scientific Course. The method of instruction will at the same time have constant reference to the wants of those who design to become teachers in the public schools. No course of studies is provided, but instruction is given in such branches as the wants of students may require. Those who do not propose to pursue a regular course of study can recite in any of the classes of the Preparatory and Collegiate departments for which they are prepared, and in which they can maintain an honorable standing. Classes in Penmanship, Phonography and Vocal Music may be formed at any time, but at the expense of the student.

General Information.

LOCATION AND BUILDINGS.

The University is located at Granville, Licking county, Ohio, on the line of the Atlantic and Lake Erie Railroad (now in process of construction); also three and one-half miles from Union Station, on the Central Ohio Railroad, and six miles west of Newark, in one of the most beautiful and healthful portions of the state, in a community distinguished for intelligence and morality.

The buildings are situated on a hill north of town, less than one-half mile from the public square, the site containing 24 acres, nearly half of it in the rear being covered with a grove of old forest trees. The buildings are three: the first a frame, 32 by 70 feet, 3 stories high, containing single rooms, and capable of accommodating 40 students; the second is of brick, 133 by 45, 4 stories high, containing 4 recitation rooms, two Society Halls and Libraries, the College Library, Reading Room, Cabinet, and Lecture Room, besides 33 suites of rooms, affording accommodation for 66 students, each suite of rooms consisting of a sitting room 12 by 14 feet, a bed room 8 by 11 feet, and closets; the third building is of brick, 135 feet long and 4 stories high, with basement room, containing 36 suites of rooms similar to those in the second building, for the accommodation of 72 students; also a fine chapel, Natural History room and 4 recitation rooms.

When the study rooms in the College buildings are insufficient for the number of students in attendance, additional rooms can be procured in town.

TERMS AND VACATIONS.

The Commencement is held on the last Thursday in June of each year. The College year consists of forty weeks, and is divided into three terms, as follows: The Fall Term of 15 weeks, the Winter Term of 13 weeks, and the Spring Term of 12 weeks. The winter vacation, which includes the holidays, will be two weeks, and the spring recess, at the close of the winter term, will be from Wednesday to the following Monday morning.

EXPENSES.

The tuition in the College Department is $13.00 for the Fall term, and $10.50 each for the Winter and Spring terms, and in the Preparatory Department $10.00 for the Fall term, and $7.50 each for the Winter and Spring terms. The charges for incidental expenses are $1.00 each for the Fall and Winter terms, and 75 cents for the Spring term. Room rent in the brick edifices is $4.00 for the Fall term, and $3.00 each for the Winter and Spring terms, and in the frame edifice $2.50 for the Fall term and $1.75 each for the other two terms.

Bills for the above expenses are payable at the commencement of each term.

There is no boarding-house connected with the institution. Good board can always be obtained in respectable private families. Students who room in the frame building are permitted to board themselves in their rooms, if they so desire. The price of board in private families has been $2.75 to $3.00 a week during the year. Many of the students board in clubs for less than $2.00 a week.

The College furnishes for the rooms only stoves and bedsteads. All other furniture for rooms, also fuel, lights, books, stationery, and washing, the students provide for themselves.

Text books and stationery can always be found in the village or at the University.

The necessary expenses of a student for the year, exclusive of clothing and traveling, may be said to range from $130 to $220.

LIBRARIES AND CABINET.

The University and Society Libraries contain about 11,000 volumes. The University Library is open twice each week for the use of members of the College classes. It is now receiving constant increase from the Library Contribution Fund of the Association of Alumni, designed to amount to an expenditure for a term of years of $1,000 annually. Donations of value in special departments have also been recently made by Mr. S. J. Thompson, of Cincinnati, and Mr. John B. Trevor, of Yonkers, New York.

The University also possesses a valuable Cabinet of minerals and fossils, also apparatus for experiments in Natural Philosophy and Chemistry, sufficiently extensive for all ordinary purposes of instruction.

SOCIETIES.

There are two Literary Societies connected with the College classes—the Calliopean and Franklin—which have their own halls, and each a carefully selected library of about 2,000 volumes.

Connected with the Preparatory Department there is also a Literary Society—the Ciceronian—which has a furnished hall and a library of several hundred volumes.

PUBLIC WORSHIP.

Punctual attendance of all the students is required at the morning prayers; also upon Divine Service twice on the Sabbath at the church selected by their parents or guardians. If no preference is expressed, it is understood that the students will attend with the Faculty at the Baptist Church, unless excused by the President.

Two prayer meetings are held in the College each week, one of them conducted by members of the Faculty, attendance upon which is voluntary.

DISCIPLINE.

The officers have rooms in the College edifices, and during hours appropriated to study maintain quietness and good

order in the halls and over the premises. They also keep a register, showing the absence of each student from all the exercises upon which his attendance is required; also his degree of excellence or deficiency in each exercise, and his general deportment. This, if requested, is, at the close of the term, transmitted to parents or guardians, and is open at all times to their inspection.

BENEFICIARIES.

Students who have the ministry in view, if without means of supporting themselves, and properly recommended by their churches, are admitted as beneficiaries of the Ohio Baptist Education Society, by which society they are furnished with free tuition and from $80 to $150 per annum.

DEGREES.

Bachelor of Arts.—The degree of Bachelor of Arts is conferred on those persons who have completed the course of academical exercises as appointed by law, and have been approved on examination at the end of the course as candidates for the same.

Bachelor of Sciences.—This degree is conferred on those persons who have completed, in a satisfactory manner, the scientific course of studies in this University, and sustain a creditable examination in the same at the close. No further degree is conferred in course.

Candidates for these degrees are required to pay the Treasurer their dues, including a graduating fee of five dollars, and present a certificate of the same to the President as early as the Monday before Commencement.

Master of Arts—Every Bachelor of Arts of three years' standing, who has made suitable advancement in the Arts and Sciences, or in any of the learned professions, may receive the degree of Master of Arts, on the payment of a fee of five dollars, provided he shall, in the interval, have sustained a good moral character. Application must be made to the President previous to Commencement.

ADVANTAGES.

The special advantages furnished by Denison University are: an honorable history of more than a third of a century, a thorough and comprehensive course of study, peculiar freedom from incentives to dissipation, a constant activity of Christian influence, cheapness of living, beauty and healthfulness of situation, and the stimulating presence of other schools.
